If you do not see a Milo's drink you would like to try in your store's refrigerated section, please complete and return this card to the store manager or make product requests to retailers online using the UPC codes listed.

Milo's slogan, "Taste the Difference," means our beverages are different from others because we source natural ingredients, fresh brew all of our teas and never add colors, acids or preservatives. This means Milo's beverages must be kept cold at all times (similar to milk).

Read the simple ingredient list on our beverages, and you will see the Difference. Drink Milo's and you will Taste the Difference.

# MILO'S®

## Our Sweet Story

Milo's was founded as a restaurant in 1946 by Milo and Bea Carlton after Milo returned from serving our country in World War II.

Milo's philosophy was simple – use high quality, fresh, natural ingredients, listen to your customers, and never sacrifice taste. This vision still guides us today as we source natural ingredients, fresh brew all of our teas, and never use added acids or preservatives.

More than seventy years later, Milo's is still a family-owned business and a certified women-owned business in Bessemer, Alabama. Milo's is also devoted to sustainable practices and the stewardship of our communities and the environment. This commitment is visible through employee volunteerism and annual profit donations of more than 1% to charities and community events.
